COMICCRAFT

Brainstorming & Idea Prioritization

Project Idea

ComicCraft is a web-based application that uses AI to generate personalized comic book stories and illustrations from user-provided prompts.

Core Creative Inputs

• Story prompt

• Main character name

• Setting

• Story tone

• Art style

Idea Priorities

• Generate a structured panel-by-panel storyline.

• Generate narration and character dialogue.

• Generate comic-style illustrations.

• Show the comic in a web preview.

• Allow the completed comic to be exported as a PDF.

AI Approach

• Gemini Flash for structured comic panel outlines.

• Gemini Pro for detailed narration and dialogue.

• Stable Diffusion for comic-style illustrations.
